# What Clients Say

*My husband Dave and I are first time home owners who had very little knowledge about the process when we started looking for a house. We had some idea of what we were looking for and how much we could spend but we felt pretty overwhelmed about how to find that one house that would become home. Our Area Properties agent took the time to listen to our dreams and evaluate what we could really afford and found us multiple*

*house that met our dream list, while still staying in our price range. The Area Properties team became our trusted advisors, our biggest assets, and our greatest source of information. Working with Becky, Lori, and their team was unlike working with anyone else. They weren't working with us just to sell a house, they spent many hours with us and put in a tremendous amount of effort, all to find us a place to call home. We dreamed about having our own home for years. Becky, Lori, and the Area Properties team go above and beyond to help their clients to find a place to call home. We are so grateful for them and we would work with them again in a heart beat.*
